Dear Representative,

This letter is to urge you to continue to fund worthwhile community programs, such as the Community Action Partnership of San Bernardino County (CAPSBC). This program is not only beneficial in giving individuals like myself, a “hand up”, but because of this program, I am now able to give back & lend a helping hand to others, by serving our community as a Nurse. The funds provided by the IDA allowed me to complete my education while raising my family. My education will not only allow me to provide for my family, but it has also allowed me to provide a positive example for my children to follow. I am truly thankful for community programs like the CAPSBC & feel strongly about keeping these types of programs running for those in need. Too often our society allows our “hand up” to become a crutch, but this program is different; it allows an individual to gather the tools needed & the “hand up” becomes a ladder to success!

I genuinely appreciate the role you play in helping make our community a better place. Thank you for your time.

Sincerely,

Sandi Ford
